## PROFILE

Experienced software engineer specializing in backend development, skilled in Java, Spring Boot, and MySQL. Proven track record of leading projects from conception to deployment, delivering high-quality solutions on tight deadlines. Strong collaborator with cross-functional teams and committed to continuous learning.

## PROFESSIONAL EXPERIENCE

### PEAKPROSYS Solutions Software Developer Internship

12/2024 – present

*Hospital Management System Frontend Project*

pune

- Developed a responsive **ReactJS frontend** for patient registration, appointment scheduling, and staff operations. Optimized performance with efficient **AXIOS** API usage
- Designed dynamic **React components** for dashboards, forms, and tables.
- Implemented seamless navigation using **React Router** and integrated **REST APIs** for real-time data updates. Utilized **React hooks** (useState, useEffect) and **Bootstrap** for a responsive, user-friendly interface.

### SOC Analyst Internship at CYBERSECEXPERTS, – September 2024

08/2024 – 09/2024

- Investigate suspicious emails, categorize, and provide findings to users. Collect and analyze threat intelligence, investigating potential IOCs. Manage IOCs within security controls.
- Monitor the health of security sensors and SIEM infrastructure. Analyze diverse security logs for situational awareness.

## TECHNICAL SKILL

### Tools

Git, Postman,

### Languages

Java, MySQL

### Frameworks:

Spring Boot, React, HTML

### Cyber Security

•SIEM- Splunk, Firewall, Email Gateway

## PROJECT

### Airline Reservation System December 2023 – February 2024

- Used Spring Boot and Hibernate to implement a full-stack airline reservation system with a scalable and secure backend. Designed a user-friendly interface with React.js, leveraging Html, Css, SQL, Hibernate for efficient data management.
- The system empowers users with functionalities like registration, flight search, ticketing, passenger management, check-in, and flight status updates.

## CERTIFICATES

### Python Udemy

The complete Python pro bootcamp for Udemy 2021

### Certificate for Completion of HTML

Spoke Tutorial Project IIT Bombay (2022)

## EDUCATION

### Government Polytechnic , Mumbai

(Diploma)

2019

### Pune Vidyarthi Griha College Of Engineering , Pune

(BE)

2022

### Infoway CDAC , Pune

(Post Graduate Diploma)

2024
